

DonorsChoose Funding Opportunity: Sonic Limeades for Learning

Tips from Francie Kugelman

[Caring Classrooms](#)

Sonic funds about 250 projects a week during ***Limeades for Learning***.

If you want to participate, go to your DC profile and click the box to say you are a Sonic teacher. Then your project will be on the voting site.

Then go to the ***Limeades for Learning*** site and register to vote. www.limeadesforlearning.com

Have your friends, parents of students, and family members do the same. Also ask friends, family, and parents to visit Sonic starting September 26th to receive a code for additional votes!

Voting takes place Monday through Sunday. On the following Monday they select the top voted projects. You can only have 1 of your projects funded per week, but this promotion runs for 5 weeks. The required votes go up every week. But don't worry, if you don't fund the first week your votes carryover to the next week.

Follow the [Caring Classrooms Community on Facebook](#) to keep informed about special DonorsChoose funding opportunities!
