

# Partner Number Writing

Partner A \_\_\_\_\_

Partner B \_\_\_\_\_

**Directions:** Take turns with your partner. One person quietly reads the word form to his or her partner and writes the standard form next to it. The other person places a check in the box if it's correct, or discusses it with you if it doesn't seem to be correct. You can change your answer if you realize you made a mistake. Switch roles for each problem.
